FYI

Hi Jo

Thanks for your message. This will be from Jen Smith I think. I'm not sure I'm comfortable with the phraseology of the first tweet [REDACTED]

**Subject:** possible follow up

Dear [REDACTED]

It has come to my attention that one of the attendees at the session yesterday Tweeted about it. The content of these tweets is as follows: -

*Unlicensed and unregulated' ALP provision is springing up by 'unscrupulous people' offering 'damaging provision'. Gets better and better...*

*"The majority of pupils in alternative provision do not have an EHCP." Bristol's head of AP in a Sendias meeting right now.*

In the zoom/ground rules sent out to attendees prior to our events, we do ask participants to: -

*'.... please 'be kind' and respect the confidentiality of all participants.'*
